INDEX TO AUTHORS IN VOLUME LX

PAGE

ALLCROFT, R., and BLAXTER, K. L. Lead as a Nutritional Hazard to Farm Livestock. V.—The Toxicity of Lead to Cattle and Sheep and an Evaluation of the Lead Hazard under Farm Conditions 209

ALLCROFT, R. Lead as a Nutritional Hazard to Farm Livestock. IV.—Distribution of Lead in the Tissues of Bovines after Ingestion of Various Lead Compounds 190

ALLCROFT, R. (See Blaxter, K. L.)

ANDERSON, R. D., SMITH, W., and WILSON, D. R. Studies in Scrapie 267

ARNOLD, R. M., and FINCHAM, I. H. Cardiovascular and Pulmonary Calcification Apparently Associated with Dietary Imbalance in Jamaica 51

BLAXTER, K. L. Lead as a Nutritional Hazard to Farm Livestock. II.—The Absorption and Excretion of Lead by Sheep and Rabbits 140

BLAXTER, K. L. (See Allcroft, R.)

BLAXTER, K. L. Lead as a Nutritional Hazard to Farm Livestock. III.—Factors Influencing the Distribution of Lead in the Tissues 177

BLAXTER, K. L., and ALLCROFT, R. Lead as a Nutritional Hazard to Farm Animals. I.—The Determination of Lead in Biological Material 133

COTCHIN, E. (See Levi, M. L.)

DONALD, D. E. Laparotomy in the Horse 28

ELBERG, S. S., and HO, CHENG-LEE. Studies on Dissociation in *Pasteurella multocida* 41

FARMER, R. K. Infectious Enterohepatitis (Blackhead) in Turkeys: A Study of the Prophylactic and Therapeutic Value of Certain Compounds 294

FINCHAM, I. H. (See Arnold, R. M.)

FOGGIE, A. (See Lovell, R.)

GARNER, R. J. Some Observations on the Status of Mineral Nutrition of Nigerian Cattle 108

GIBSON, T. E. Observations on the Value of Small Daily Doses of Phenothiazine for the Control of Tricho-Strongylosis in Sheep 117

GREIG, J. R. Scrapie in Sheep 263

HO, CHENG-LEE (See Elberg, S. S.)

HOLMAN, H. H. (See Pattison, I. H. and Taylor, J. I.)

HOLMAN, H. H. (See Taylor, J. I.)

HOLMAN H. H., PATTISON, I. H., and TAYLOR, J. I. Studies on Experimental Streptococcal Mastitis. III.—Observations on an Alteration in Mouse-Lethal Power of *Streptococcus agalactiae*, Strain S 13 during Growth in the Udder of Goats ... 100

PAGE

HURST, E. WESTON. Some Observations on the Pathogenesis of Eastern Equine Encephalomyelitis and Louping-ill in Young and Old Animals, with Special Reference to Routes of Entry of the Viruses into the Nervous System 237

INNES, J. R. M. Renal Cortical Necrosis and other Lesions in Sheep (with and without Ligation of Pancreatic Duct) Produced by Alloxan Poisoning 1

JORDAN, W. J. Reproduction in a Dairy Herd and its Relation to Vaccination against Brucellosis... 34

LEVI, M. L. The Susceptibility of Voles to *Mycobacterium johnei* 10

LEVI, M. L., and COTCHIN, E. *Bacillus actinoides:* Its Association with Pneumonia in Cattle and its Relationship to *Streptobacillus moniliformis* 17

LEVI, M. L. The Agglutination Test in Vibrionic Abortion of Sheep 65

LOVELL, R., FOGGIE, A., and PEARSON, J. K. L. Field Trials with *Corynebacterium pyogenes* Alum-precipitated Toxoid ... 225

MINETT, F. C. Sporulation and Viability of *B. anthracis* in Relation to Environmental Temperature and Humidity 161

PATERSON, A. B., and WINMILL, A. J. Note on the Use of Dubos Medium for Cultivation of *Mycobact. tuberculosis* from Milk 219

PATTISON, I. H., TAYLOR, J. I., and HOLMAN, H. H. Studies on Experimental Streptococcal Mastitis, I.—Inoculation of Large Numbers of *Streptococcus agalactiae* into the Teat Canal of Goats 71

PATTISON, I. H. (See Taylor, J. I.)

PATTISON, I. H. (See Holman, H. H.)

PEARSON, J. K. L. (See Lovell, R.)

SLAVIN, G. (See Wilson, C. D.)

SMITH, W. (See Wilson, D. R.)

TAYLOR, J. I., HOLMAN, H. H. and PATTISON, I. H. Studies on Experimental Streptoccoccal Mastitis. II.—Inoculation of Varying Numbers of Living *Streptococcus agalactiae* into the Teat Canal of Goats 92

TAYLOR, J. I. (See Holman, H. H.)

TAYLOR, J. I. (see Pattison, I. H.)

WATTS, P. S. Studies on Vitamins A and C in Bovines. Vitamin C in the Liver, Kidney and Plasma of Cows, Calves and Foetuses 283

WILSON, C. D. and SLAVIN, G. A Direct Culture Method for the Examination of Milk Samples 230

WILSON, D. R., ANDERSON, R. D., and SMITH, W. Studies in Scrapie 267

WINMILL, A. J. (See Paterson, A. B.)

INDEX TO SUBJECTS IN VOL. LX

PAGE

ABORTION of Sheep. The Agglutination Test in Vibrionic. M. L. Levi 65
Absorption and Excretion of Lead by Sheep and Rabbits. Lead as a Nutritional Hazard to Farm Livestock. II. The. K. L. Blaxter 140
Actinoides: Its Association with Pneumonia in Cattle and its Relationship to *Streptobacillus moniliformis. Bacillus.* M. L. Levi and E. Cotchin 17
Agglutination Test in Vibrionic Abortion of Sheep. The. M. L. Levi 65
Alloxan Poisoning. Renal Cortical Necrosis and other Lesions in Sheep (with and without Ligation of Pancreatic Duct). Produced by. J. R. M. Innes 1
Alteration in Mouse-Lethal Power of *Streptococcus agalactiae,* Strain S 13 during Growth in the Udder of Goats. Studies on Experimental Mastitis. III. Observations on an. H. H. Holman, I. H. Pattison and J. I. Taylor 100
Alum-Precipitated Toxoid. Field Trials with *Corynebacterium pyogenes.* R. Lovell, A. Foggie and J. K. L. Pearson ... 225
Animals. I. The Determination of Lead in Biological Material. Lead as a Nutritional Hazard to Farm. K. L. Blaxter and Ruth Allcroft 133
Anthracis in Relation to Environmental Temperature and Humidity. Sporulation and Viability of *B.* F. C. Minett 161

BACILLUS actinoides: Its Association with Pneumonia in Cattle and its Relationship to *Streptobacillus moniliformis.* M. L. Levi and E. Cotchin 17
B. anthracis in Relation to Environmental Temperature and Humidity. Sporulation and Viability of. F. C. Minett 161
Biological Material. Lead as a Nutritional Hazard to Farm Animals. I. The Determination of Lead in. K. L. Blaxter and Ruth Allcroft 133
(Blackhead) in Turkeys: A Study of the Prophylactic and Therapeutic Value of Certain Compounds. Infectious Enterohepatitis. R. K. Farmer 294
Bovines After Ingestion of Various Lead Compounds. Lead as a Nutritional Hazard to Farm Livestock. IV. Distribution of Lead in the Tissues of. Ruth Allcroft 190
Bovines. Vitamin C in the Liver, Kidney and Plasma of Cows, Calves and Foetuses. Studies on Vitamins A and C in. P. S. Watts 283
Brucellosis. Reproduction in a Dairy Herd and its Relation to Vaccination against. W. J. Jordan 34

CALCIFICATION Apparently Associated with Dietary Imbalance in Jamaica. Cardiovascular and Pulmonary. R. M. Arnold and I. H. Fincham 51

PAGE

Calves and Foetuses. Studies on Vitamins A and C in Bovines. Vitamin C in the Liver, Kidney and Plasma of Cows. P. S. Watts 283
Canal of Goats. Studies on Experimental Streptococcal Mastitis: I. Inoculation of Large Numbers of *Streptococcus agalactiae* into the Teat. I. H. Pattison, J. I. Taylor and H. H. Holman 71
Canal of Goats. Studies on Experimental Streptococcal Mastitis: II. Inoculation of Varying Numbers of Living *Streptococcus agalactiae* into the Teat. J. I. Taylor, H. H. Holman and I. H. Pattison 92
Cardiovascular and Pulmonary Calcification Apparently Associated with Dietary Imbalance in Jamaica. R. M. Arnold and I. H. Fincham 51
Cattle and its Relationship to *Streptobacillus moniliformis. Bacillus actinoides:* Its Association with Pneumonia in. M. L. Levi and E. Cotchin 17
Cattle. Some observations on the Status of Mineral Nutrition of Nigerian. R. J. Garner 108
Cattle and Sheep and an Evaluation of the Lead Hazard under Farm Conditions. Lead as a Nutritional Hazard to Farm Livestock. V. The Toxicity of Lead to. Ruth Allcroft and K. L. Blaxter 209
Compounds. Lead as a Nutritional Hazard to Farm Livestock. IV. Distribution of Lead in the Tissues of Bovines after Ingestion of Various Lead. Ruth Allcroft and K. L. Blaxter 190
Compounds. Infectious Enterohepatitis (Blackhead) in Turkeys: A Study of the Prophylactic and Therapeutic Value of Certain. R. K. Farmer 294
Control of Tricho-Strongylosis in Sheep. Observation on the Value of Small Daily Doses of Phenothiazine for the. T. E. Gibson 117
Cortical Necrosis and other Lesions in Sheep (with and without Ligation of Pancreatic Duct) Produced by Alloxan Poisoning. Renal. J. R. M. Innes 1
Corynebacterium pyogenes Alum-precipitated Toxoid. Field Trials with. R. Lovell, A. Foggie and J. K. L. Pearson 225
Cows, Calves and Foetuses. Studies on Vitamins A and C in Bovines. Vitamin C in the Liver, Kidney and Plasma of. P. S. Watts 283
Cultivation of *Mycobact. tuberculosis* from Milk. Note on the Use of Dubos Medium for A. B. Paterson and A. J. Winmill ... 219
Culture Method for the Examination of Milk Samples. A Direct. C. D. Wilson and G. Slavin 230

Determination of Lead in Biological Material. Lead as a Nutritional Hazard to Farm Animals. I. The. K. L. Blaxter and Ruth Allcroft 133
Dietary Imbalance in Jamaica. Cardiovascular and Pulmonary Calcification Apparently Associated with. R. M. Arnold and I. H. Fincham 51
Direct Culture Method for the Examination of Milk Samples. A. C. D. Wilson and G. Slavin 230

PAGE

Dissociation in *Pasteurella multocida*. Studies on. S. S. Elberg and Cheng-Lee Ho 41
Distribution of Lead in the Tissues of Bovines After Ingestion of Various Lead Compounds. Lead as a Nutritional Hazard to Farm Livestock. IV. Ruth Allcroft 190
Doses of Phenothiazine for the Control of Tricho-Strongylosis in Sheep. Observations on the Value of Small Daily. T. E. Gibson 117
Dubos Medium for Cultivation of *Mycobact. tuberculosis* from Milk. Note on the Use of. A. B. Paterson and A. J. Winmill 219

Eastern Equine Encephalomyelitis and Louping-ill in Young and Old Animals, with Special Reference to Routes of Entry of the Viruses into the Nervous System. Some Observations on the Pathogenesis of. E. Weston Hurst 237
Encephalomyelitis and Louping-ill in Young and Old Animals, with Special Reference to Routes of Entry of the Viruses into the Nervous System. Some Observations on the Pathogenesis of Eastern Equine. E. Weston Hurst 237
Enterohepatitis (Blackhead) in Turkeys: A Study of the Prophylactic and Therapeutic Value of Certain Compounds. Infectious. R. K. Farmer 294
Environmental Temperature and Humidity. Sporulation and Viability of *B. anthracis* in Relation to. F. C. Minett ... 161
Equine Encephalomyelitis and Louping-ill in Young and Old Animals, with Special Reference to Routes of Entry of the Viruses into the Nervous System. Some Observations on the Pathogenesis of Eastern. E. Weston Hurst 237
Examination of Milk Samples. A Direct Culture Method for the. C. D. Wilson and G. Slavin 230
Excretion of Lead by Sheep and Rabbits. Lead as a Nutritional Hazard to Farm Livestock. II. The Absorption and. K. L. Blaxter 140

Farm Animals. I. The Determination of Lead in Biological Material. Lead as a Nutritional Hazard to. K. L. Blaxter and Ruth Allcroft 133
Farm Livestock. II. The Absorption and Excretion of Lead by Sheep and Rabbits. Lead as a Nutritional Hazard to. K. L. Blaxter 140
Farm Livestock. III. Factors Influencing the Distribution of Lead in the Tissues. Lead as a Nutritional Hazard to. K. L. Blaxter 177
Farm Livestock. IV. Distribution of Lead in the Tissues of Bovines After Ingestion of Various Lead Compounds. Lead as a Nutritional Hazard to. Ruth Allcroft 190
Farm Livestock. V. The Toxicity of Lead to Cattle and Sheep and an Evaluation of the Lead Hazard under Farm Conditions. Lead as a Nutritional Hazard to. Ruth Allcroft and K. L. Blaxter 209

PAGE

Field Trials with *Corynebacterium pyogenes* Alum-precipitated Toxoid. R. Lovell, A. Foggie and J. K. L. Pearson 225
Foetuses. Studies on Vitamins A and C in Bovines. Vitamin C in the Liver, Kidney and Plasma of Cows, Calves and. P. S. Watts 283

Goats. Studies on Experimental Streptococcal Mastitis. I. Inoculation of Large Numbers of *Streptococcus agalactiae* into the Teat Canal of. I. H. Pattison, J. I. Taylor and H. H. Holman 71
Goats. Studies on Experimental Strepococcal Mastitis. II. Inoculation of Varying Number of Living *Streptococcus agalactiae* into the Teat Canal of. J. I. Taylor, H. H. Holman and I. H. Pattison 92
Goats. Studies on Experimental Streptococcal Mastitis. III. Observations on an Alteration in Mouse-Lethal Power of *Streptococcus agalactiae,* Strain S 13 during Growth in the Udder of. H. H. Holman, I. H. Pattison and J. I. Taylor 100
Growth in the Udder of Goats. Studies on Experimental Streptococcal Mastitis. III. Observations on an Alteration in Mouse-Lethal Power of *Streptococcus agalactiae,* Strain S 13 during. H. H. Holman, I. H. Pattison and J. I. Taylor ... 100

Horse. Laparotomy in the. D. E. Donald 28
Humidity. Sporulation and Viability of *B. anthracis* in Relation to Environmental Temperature and. F. C. Minett 161

Imbalance in Jamaica. Cardiovascular and Pulmonary Calcification Apparently Associated with Dietary. R. M. Arnold and I. H. Fincham 51
Infectious Enterohepatitis (Blackhead) in Turkeys : A Study of the Prophylactic and Therapeutic Value of Certain Compounds. R. K. Farmer 294
Ingestion of Various Lead Compounds. Lead as a Nutritional Hazard to Farm Livestock. IV. Distribution of Lead in the Tissues of Bovines after. Ruth Allcroft 190
Inoculation of Large Numbers of *Streptococcus agalactiae* into the Teat Canal of Goats. Studies on Experimental Streptococcal Mastitis. I. H. Pattison, J. I. Taylor and H. H. Holman ... 71
Inoculation of Varying Numbers of Living *Streptococcus agalactiae* into the Teat Canal of Goats. Studies on Experimental Streptococcal Mastitis. J. I. Taylor, H. H. Holman and I. H. Pattison 92

Jamaica. Cardiovascular and Pulmonary Calcification Apparently Associated with Dietary Imbalance in. R. M. Arnold and I. H. Fincham 51
johnei. The Susceptibility of Voles to *Mycobacterium.* M. L. Levi 10

Kidney and Plasma of Cows, Calves and Foetuses. Studies on Vitamins A and C in Bovines. Vitamin C in the Liver. P. S. Watts 283

PAGE

LAPAROTOMY in the Horse. D. E. Donald 28

Lead as a Nutritional Hazard to Farm Animals. I. The Determination of Lead in Biological Material. K. L. Blaxter and Ruth Allcroft 133

Lead as a Nutritional Hazard to Farm Livestock. II. The Absorption and Excretion of Lead by Sheep and Rabbits. K. L. Blaxter 140

Lead as a Nutritional Hazard to Farm Livestock. III. Factors Influencing the Distribution of Lead in the Tissues. K. L. Blaxter 177

Lead as a Nutritional Hazard to Farm Livestock. IV. Distribution of Lead in the Tissues of Bovines After Ingestion of Various Lead Compounds. Ruth Allcroft 190

Lead as a Nutritional Hazard to Farm Livestock. V. The Toxicity of Lead to Cattle and Sheep and an Evaluation of the Lead Hazard under Farm Conditions. Ruth Allcroft and K. L. Blaxter 209

Liver, Kidney and Plasma of Cows, Calves and Foetuses. Studies on Vitamins A and C in Bovines. Vitamin C in the. P. S. Watts 283

Livestock. II. The Absorption and Excretion of Lead by Sheep and Rabbits. Lead as a Nutritional Hazard to Farm. K. L. Blaxter 140

Livestock. III. Factors Influencing the Distribution of Lead in the Tissues. Lead as a Nutritional Hazard to Farm. K. L. Blaxter 177

Livestock. IV. Distribution of Lead in the Tissues of Bovines After Ingestion of Various Lead Compounds. Lead as a Nutritional Hazard to Farm. Ruth Allcroft 190

Livestock. V. The Toxicity of Lead to Cattle and Sheep and an Evaluation of the Lead Hazard under Farm Conditions. Lead as a Nutritional Hazard to Farm. Ruth Allcroft and K. L. Blaxter 209

Living *Streptococcus agalactiae* into the Teat Canal of Goats. Studies on Experimental Streptococcal Mastitis. II. Inoculation of Varying Numbers of. J. I. Taylor, H. H. Holman and I. H. Pattison 92

Louping-ill in Young and Old Animals, with Special Reference to Routes of Entry of the Viruses into the Nervous System. Some Observations on the Pathogenesis of Eastern Equine Encephalomyelitis and. E. Western Hurst 237

MASTITIS. I. Inoculation of Large Numbers of *Streptococcus agalactiae* into the Teat Canal of Goats. Studies on Experimental Streptococcal. I. H. Pattison, J. I. Taylor and H. H. Holman 71

Mastitis. II. Inoculation of Varying Numbers of Living *Streptococcus agalactiae* into the Teat Canal of Goats. Studies on Experimental Streptococcal. J. L. Taylor, H. H. Holman and I. H. Pattison 92

PAGE

Mastitis. III. Observations on an Alteration in Mouse-Lethal Power of *Streptococcus agalactiae,* Strain S 13 during Growth in the Udder of Goats. Studies on Experimental Streptococcal. H. H. Holman, I. H. Pattison and J. I. Taylor ... 100
Medium for Cultivation of *Mycobact. tuberculosis* from Milk. Note on the Use of Dubos. A. B. Paterson and A. J. Winmill 219
Method for the Examination of Milk Samples. A Direct Culture. C. D. Wilson and G. Slavin 230
Milk. Note on the Use of Dubos Medium for Cultivation of *Mycobact. tuberculosis* from. A. B. Paterson and A. J. Winmill 219
Milk Samples. A Direct Culture Method for the Examination of. C. D. Wilson and G. Slavin 230
Mineral Nutrition of Nigerian Cattle. Some Observations on the Status of. R. J. Garner 108
moniliformis. Bacillus actinoides: Its Association with Pneumonia in Cattle and its Relationship to *Streptobacillus.* M. L. Levi and E. Cotchin 17
Mouse-Lethal Power of *Streptococcus agalactiae,* Strain S 13 during Growth in the Udder of Goats. Studies on Experimental Streptococcal Mastitis: III. Observations on an Alteration in. H. H. Holman, J. H. Pattison and J. I. Taylor 100
multocida. Studies on Dissociation in *Pasteurella.* S. S. Elberg and Cheng-Lee Ho 41
Mycobacterium johnei. The Susceptibility of Voles to. M. L. Levi 10
Mycobact. tuberculosis from Milk. Note on the Use of Dubos Medium for Cultivation of. A. B. Paterson and A. J. Winmill 219

Necrosis and other Lesions in Sheep (with and without Ligation of Pancreatic Duct) Produced by Alloxan Poisoning. Renal Cortical. J. R. M. Innes 1
Nervous System. Some Observation on the Pathogenesis of Eastern Equine Encephalomyelitis and Louping-ill in Young and Old Animals, with Special Reference to Routes of Entry of the Viruses into the. E. Weston Hurst 237
Nigerian Cattle. Some Observations on the Status of Mineral Nutrition of. R. J. Garner 108
Nutrition of Nigerian Cattle. Some Observations on the Status of Mineral. R. J. Garner 108
Nutritional Hazard to Farm Animals. I. The Determination of Lead in Biological Material. Lead as a. K. L. Blaxter and Ruth Allcroft 133
Nutritional Hazard to Farm Livestock. II. The Absorption and Excretion of Lead by Sheep and Rabbits. Lead as a. K. L. Blaxter 140
Nutritional Hazard to Farm Livestock. III. Factors influencing the Distribution of Lead in the Tissues. Lead as a. K. L. Blaxter 177
Nutritional Hazard to Farm Livestock. IV. Distribution of Lead in the Tissues of Bovines After Ingestion of Various Lead Compounds. Lead as a. Ruth Allcroft 190

PAGE

Nutritional Hazard to Farm Livestock. V. The Toxicity of Lead to Cattle and Sheep and an Evaluation of the Lead Hazard under Farm Conditions. Lead as a. Ruth Allcroft and K. L. Blaxter 209

Pancreatic Duct Produced by Alloxan Poisoning. Renal Cortical Necrosis and other Lesions in Sheep (with and without Ligation of). J. R. M. Innes 1
Pasteurella multocida. Studies on Dissociation in. S. S. Elberg and Cheng-Lee Ho 41
Pathogenesis of Eastern Equine Encephalomyelitis and Louping-ill in Young and Old Animals, with Special Reference to Routes of Entry of the Viruses into the Nervous System. Some Observations on the. E. Weston Hurst 237
Phenothiazine for the Control of Tricho-Strongylosis in Sheep. Observations on the Value of Small Daily Doses of. T. E. Gibson 117
Plasma of Cows, Calves and Foetuses. Studies on Vitamins A and C in Bovines. Vitamin C in the Liver, Kidney and. P. S. Watts 283
Pneumonia in Cattle and its Relationship to *Streptobacillus moniliformis. Bacillus actinoides:* Its Association with. M. L. Levi and E. Cotchin 17
Poisoning. Renal Cortical Necrosis and other Lesions in Sheep (with and without Ligation of Pancreatic Duct) Produced by Alloxan. J. R. M. Innes 1
Prophylactic and Therapeutic Value of Certain Compounds. Infectious Enterohepatitis (Blackhead) in Turkeys: A Study of the. R. K. Farmer 294
Pulmonary Calcification Apparently Associated with Dietary Imbalance in Jamaica. Cardiovascular and. R. M. Arnold and I. H. Fincham 51
pyogenes Alum-precipitated Toxoid. Field trials with *Corynebacterium.* R. Lovell, A. Foggie and J. K. L Pearson ... 225

Rabbits. Lead as a Nutritional Hazard to Farm Livestock. II. The Absorption and Excretion of Lead by Sheep and. K. L. Blaxter 140
Renal Cortical Necrosis and other Lesions in Sheep (with and without Ligation of Pancreatic Duct) Produced by Alloxan Poisoning. J. R. M. Innes 1
Reproduction in a Dairy Herd and its Relation to Vaccination against Brucellosis. W. J. Jordan 34

Samples. A Direct Culture Method for the Examination of Milk. C. D. Wilson and G. Slavin 230
Scrapie in Sheep. J. Russell Grieg 263
Scrapie. Studies in. D. R. Wilson, Ruth D. Anderson and W. Smith 267
